**PHONE #:** 306-480-9800

## 2.0 PROPOSED ACTIVITY/PROGRAM/EVENT

- Include project description including objectives, benefits, partners, etc.

The BattleFords Orcas Swim Club is a non-profit organization that provides recreational and competitive swim development. We are a proud part of the BattleFords sports community developing athletes that go on to swim at high levels of competition. We are ran out of the COOP Aquatic Center from whom we rent space. The swimmers range from Learn to Swim to Competitive level. COVID has reduced our numbers significantly and we are trying to regain our pre-covid levels. The goal is to grow the level of our competitive swimmers so we can start hosting swim meets in town.

**Proposed Date:** Sept. 9, 2022 - June 27, 2023

**ESTIMATED NUMBER OF PARTICIPANTS:**

45

**Battlefords Kinsmen Swim Club**  
**Financial Statement Review Report**  
*As at June 30, 2022*

To the members of the Battlefords Kinsmen Swim Club:

We examined the Balance Sheet as of June 30, 2022 and the related Income Statement for the year then ended.

It is our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the club as of June 30, 2022, and the results of its operations for the year then ended.

**Approved by the Board:**

  
Registrar - Katherine Funke Morin      Date Nov 7/2022

  
COA - Cheryl Dunnitts      Date Nov 7, 2022

  
Treasurer - Corey Chermak      Date Nov 7/2022

**Reviewed by:**

  
Club Member - Kristen Louko      Date Nov 7, 2022

**Proposed Activity/Program/Event etc.**

We would like the opportunity to provide matches, waitlist youth, and their supportive adults/families with the opportunity to continue to plan and take part in activities and events around the Battlefords that encourage positive and joyful moments, safe connections, adventures, challenge, and the development of new skills.

**Specifically, we'd plan to:**

1. Re-stock passes for Table Mountain to go skiing or snowboarding together – passes include equipment rental and lift passes
2. Re-stock single-use day passes for use at the NationsWEST Field House
3. Provide funding for a group activity creating a home décor item or sign design with Chandra at Autumn & Ash (1132 100<sup>th</sup> St North Battleford, SK)
4. Provide the opportunity for matches to try a weekly boxing class with Four Corner Boxing & Fitness (1371 103<sup>rd</sup> St North Battleford, SK)

Proposed Date(s)	January 1, 2023 – March 30, 2023
Proposed Time(s)	N/A
Location	Table Mountain, Autumn + Ash Home Décor + Design Studio, and Four Corner Boxing & Fitness

**Project description (include objectives of program, benefits to participants)**

The opportunity to provide passes and outings to our matches and families that are based on desired activities or curiosities has continued to be something that has been extremely well utilized and appreciated by all of our participants. All three of the opportunities we have listed above involve expenses that are not easily covered by families or volunteers and would involve a missed chance for youth in particular to experience activities that encourage active living, creativity, and could become a part of engaging in positive mental health. The opportunity to specifically do these activities with their mentors or a caregiver that they are developing a better relationship with is invaluable to building connections, increasing trust, and providing shared positive experiences and memories. Youth desire the ability to do things that are local without putting additional financial stress on

Treaty Six Territory | Saskatchewan | Canada

## **SASKATCHEWAN LOTTERIES COMMUNITY GRANT PROGRAM**

**PARKS & RECREATION DEPT. | 306-445-1700**

those in their lives as they are keenly aware of the increased costs of living. Volunteers have often commented that managing the costs for both fuel to participate in events and passes/equipment has begun to be a barrier that is preventing them from using it as a match experience.

Having the opportunity to hand out passes, arrange for opportunities, or attend classes as a supportive partner to the matches and families has also encouraged informal check-ins and conversations. This allows us to provide even more support to families and volunteers, as well as continuing to build stronger circles of support around them and our youth.

In regards to the boxing opportunity, we are an agency with a rare high number of Big Brother/Little Brother matches and a number of them have expressed wanting to find a consistent physical activity together that also helps provide a tool to add to their mental health toolkit. There has been a significant interest in boxing as that option to try. One family that is eligible has applied for a supportive sport funding for a portion of the cost of the activity but the Big/Mentor would still have to pay out of pocket to support his youth in the classes and they would still require gloves and wraps to participate. One family is not eligible to meet the criteria for supportive sport funding. Both of these youth have begun a positive peer relationship with each other and have been working with their mentors on building self-confidence, strengthen, and positive ways to deal with emotions. We would like to be able to help support them in this interest for 3 months to see if it is something that more investment can be put into without the additional expense being managed by the families or mentors.

We also strive to support a variety of local businesses through these programming options.

**Estimated number of participants: 40-50**

This project request is a City of North Battleford Community Grant application for funds only:

☒ Yes ☐ No

If no, where else have you applied for funding and the amount requested/approved.

As noted above, the one family that is eligible for sport assistance funding has put in a request for assistance with fees – the max amount they might receive is \$150.

Without financial assistance from this grant request, will this activity/program/event take place?

☐ Yes ☒ No

Free Noon Hour Shinny Program  
12:00 - 1:00pm Tuesday - Friday Access Communications Centre  
Adults 18 and over  
13 weeks

Proposed Date(s)	January 3 - March 31
Proposed Time(s)	12:00 - 1:00pm
Location	Access Communications Centre

**Project description (include objectives of program, benefits to participants)**

The Noon hour shinny program is a drop in program available to everyone 18 and over. Offering a free program eliminates one of the barriers to participation and ensures noon hour shinny is an available and affordable recreational opportunity for all. Participants enjoy the flexibility of the drop in format as there is no registration or membership necessary. Numerous studies have shown that regular physical activity can decrease the chance of health problems such as heart disease, strokes, diabetes, and depression. An additional benefit is the socialization, enjoyment and fun factor! The program aligns well with a key message in the Battlefords Parks and Recreation Master Plan which states: "Recreation is essential to personal health and well being".

Estimated number of participants	450 - 500

Email	jessica.olson@saskhealthauthority.ca		

**Proposed Activity/Program/Event etc.**

BEATS is a 14 week program aimed at building strengths in mental health in youth through the arts. Students are chosen from the three high schools in the Battlefords and come together weekly to learn about mental health and to work on art projects that build on their strengths, teach team building skills and help in building relationships with like minded students. The program finishes with a premier event for the students to share their creativity with their schools and the community. This year the theme will be "Gaming", healthy choices around gaming and how to use those skills learned in gaming for real world situations and future careers.

Proposed Date(s)	Feb - June 2023
Proposed Time(s)	
Location	

**Project description (include objectives of program, benefits to participants)**

Due to lack of space in the school division and to hold the program on neutral ground so all students feel comfortable we are required to rent a space to hold the weekly get together, the final production and community get together is held at the Dekker Centre to accommodate holding students as well as community members.

Estimated number of participants	45 students for ongoing programming

# *The **B.E.A.T.S.** Encounter*

## *Building Expression & Awareness through Theatre & Sound.*

### **B.E.A.T.S 2023**

### **GAME ON!**

The B.E.A.T.S. Encounter program for 2023 is going back to pre-COVID facilitation with Tuesday and Wednesday afternoons filled with BEATS programming from February until June with students from all three of our local high schools: The North Battleford Comprehensive High school (N.B.C.H.S.), John Paul Collegiate II (J.P.I.I.) and Sakewew High School. We are focusing our attention on the powerful yet sometimes addictive gaming world. Students are expected to participate through art, drama, movement, photography, critical thinking skills, filmmaking, creativity, and problem-solving skills. Phase one will help students to:

1. Learn to recognize when gaming is becoming a problem
  - a. Boundaries
  - b. moderation
2. Identify their motivation for gaming and help them find it in other activities
  - a. Identify other potential areas of interests i.e. sports, music, drama, clubs, etc.
3. Encourage the use of gaming skills to accomplish real-life goals and dreams
  - a. Final video project (Phase II)
  - b. Gaming skills used in real life careers i.e. pilot, police officer, engineer, etc.
4. Improve social skills
  - a. Group work/activities
  - b. Interactive/Collaborative games (not video games)

Phase II will have students working together to create a film (subject details TBD) that will be premiered to family and friends on June 1<sup>st</sup>.

The program will wrap up with a three-day event that starts by celebrating our BEATS program participants and their families with a red-carpet movie premiere event on the evening of Thursday, June 1<sup>st</sup>. The second day will include a guest speaker (T.B.D.) for students attending all three high schools on Friday, June 2<sup>nd</sup>. BEATS Fest. Will conclude on Saturday, June 3<sup>rd</sup>, at the Dekker Centre with a youth expo showcasing youth artists, vendors, adult vendors, business vendors, community support tables, a cosplay competition, a video game panel, food trucks, and live music throughout the day.

# The **B.E.A.T.S.** Encounter

## *Building Expression & Awareness through Theatre & Sound.*

The B.E.A.T.S Encounter program is seeking local support from community agencies and businesses that would be able to partner with us to make our 2023 program memorable and the end-of-year event a huge community success. **We are seeking sponsors for each category of our event: Venue, advertising, entertainment/speaker, program expenses and prizes.** Please see attached Sponsorship Packages.

Below are **estimated** expenses and **hopeful** areas and amounts of revenue for 2023. Event donations and 50/50 Hopeful amounts listed will be used towards BEATS 2024 programming.

Operation of an introductory scuba experience on January 29, 2023 followed by the operation of a basic Open Water Scuba Diver certification course on February 3 through 5, 2023. This will mark the return to near normal operation following the restrictions and the caution of many people of the COVID pandemic and the ensuing months.

The club has tried to hold the line of the pricing of the course, although mileage, equipment rentals and materials have all increased somewhat.

See the attached document for details.

Proposed Date(s) **January 29, 2023 and February 3, 4 and 5, 2023**Proposed Time(s) **January 29 -- 10 am through 2 pm. Feb. 3 -- 6 -10 pm, Feb. 4 & 5 - 8 am**Location **Battleford Co-op Aquatic Centre****Project description (include objectives of program, benefits to participants)**

Discover Scuba -- to introduce potential divers who are not yet sure that the sport is "for them" without a great commitment of time, effort or money in a safe and reassuring environment. This exposes the participants to the sport and provides a basis upon which to make the decision as to whether or not to pursue further training.

Open Water Scuba Diver -- to begin the three step process of becoming a certified scuba diver through the first two steps offered in this course using an internationally recognized training agency. Participants completing this weekend will be ready to undertake the third step in the

Estimated number of participants **16**

Continuation of Project Description:

".....certification process, the four open water completion dives which can be done anywhere in the world with a PADI Instructor, and which we do here during the spring, summer and fall. This certification is a lifetime certification and is recognized worldwide. We use alternating blocks of classroom and pool activity to teach the necessary theory and the fundamental skills of safe diving, a skill basis that can be expanded with further experience and training."

**BATTLEFORDS SCUBA COMMUNITY**  
**SCUBA DIVER TRAINING**  
**GRANT APPLICATION**

During the major portion of the COVID-19 pandemic, scuba diver training was shut down for the Battlefords Scuba Community and the return to training has been slow and cautious from both the perspective of the Club and of the public. During the eighteen months of restricted activity, however, the demand continued to build with people enquiring about training after the pandemic. With the rising inflation following the easing of restrictions, people have found it difficult to afford much in the line of recreational activities but these activities have become increasingly important as an outlet to relieve the stress that seems so pervasive today. The inflationary increases in cost for materials, equipment and fuel have increased the cost of the course. Additionally, the BSC raised the stipend paid to the Instructors for the first time in fifteen years. This application for funding is to help get people into the pool for a safe and enjoyable activity in a way that will not compromise any of the restrictions in place and will attempt to allay their concerns about possible health risks, and at an affordable price in this time when choices are being limited by inflation.

Early in the pandemic, PADI, the certifying agency with whom we work, studied each of the skills that are required in every one of their courses and developed techniques for minimizing the risks of infection. Webinar presentations, written materials and video presentations were developed and disseminated to all Instructors describing and demonstrating techniques to enhance safety for all and minimize the risk. For example, discussions at the surface, such as instructions regarding skills or debriefs following the performance of said skills are to be done with dive masks in place and all regulators, save that of the Instructor are to be kept in the mouth. Any skill that requires the sharing of any piece of equipment is to be done with only one person before that equipment is sanitized. DAN (Divers Alert Network), a medically oriented dive agency developed techniques for disinfecting equipment after each use using quaternary ammonium products. Our members practice these techniques as part of their diving, and we will use them as part of the instructional program.

This application covers a two part program: the introductory non-certification Discover Scuba experience to expose people who are not certain whether or not the sport is "for them" to the sport in a safe and controlled environment, and the basic certification Open Water Scuba Diver training program.

**Discover Scuba**

On January 29<sup>th</sup>, the Club will conduct a Discover Scuba. This is a four hour program, two in the classroom and two in the pool. The classroom session covers the equipment that will be used, the basic safety precautions in effect, and the specific theory applicable during this course. The pool session introduces, in shallow water, the equipment, breathing underwater and a few often used skills that make diving easier and more enjoyable before moving to deep water for fun and the enjoyment of the near weightless experience of diving. Some of these participants may decide to carry on with the training by doing the Open Water Course the following weekend. We project that there will be eight participants.

The budget for this portion is outlined here:

• Revenues			
○ 8 Registration Fees @ \$85	\$680.00		
▪ Total		\$680.00	
• Expenses			
○ 8 Sets of Gear Rented @ \$40.00	\$320.00		
○ Air for course staff @ \$10.00	\$ 20.00		
○ 8 Participant Guides @ \$12.30	\$ 98.40		
○ Classroom rental	\$ 65.00		
○ Pool Rental	\$ 70.00		
○ Instruction	\$160.00		
○ Mileage to pick up gear & return			
704 km @ \$0.70	\$492.80		
○ Advertising	\$ 50.00		
▪ Total		\$1,276.20	

### **Open Water Scuba Diver**

The main objective of this training is to provide an internationally recognized level of scuba diving certification to interested youth and adults in the Battlefords region. A second objective is to further the development of local leaders by involving Divemaster candidates in assisting with the in-water sessions under the close supervision of the instructional staff. A local PADI (Professional Association of Diving Instructors) Instructor will work with a local certified Divemaster and a Divemaster candidate in conducting the program. If the numbers warrant, a second Instructor will be brought in from the Diving Centre in Saskatoon or Alberta Adventure Divers in Wainwright, Ab. to ensure that the appropriate Instructor-Student ratios are maintained.

The training will provide a thorough knowledge of safe scuba diving practices (syllabus attached) for the candidates through a worldwide organization recognized for its excellence. This sport is a lifelong activity that can be carried on well into senior years and at a pace and skill level selected by the diver. Certified divers can then pursue specialized training in such areas as underwater photography, search and recovery, rescue, ice diving and perhaps choose a career in the underwater world. The sport provides another activity to promote physical fitness and a healthy lifestyle, and fosters family activities.

The community benefits by having a cadre of individuals who are able to augment the aquatic element of the local Search and Rescue organizations and who will assist with cleaning up the environment under and around local waterways. The community also benefits by having local leaders who can offer introductory programs to local and regional high school students rather than having them travel to Saskatoon for the program as they have done in the past.

The C.G.P. Grant will enable the Battlefords Scuba Community to keep its course costs competitive with those in other centres and actually reduce the costs for local residents. Due to the fact that commercial operations have rental equipment available within the operation the

cost of the equipment is spread over rental and commercial use as well as instructional. However, the local club has very limited equipment available and limited air availability which means that equipment must be rented from a commercial establishment and in sufficient numbers to complete the entire course without refilling cylinders (24 cylinders for an 8 person course). Additionally, the club must provide accommodation for any out of town instructional personnel (usually one hotel room for two nights) which is not a factor in the commercial centre's pricing arrangements. If the local participants travel to Wainwright or Saskatoon to take part in courses there would be additional costs for meals, accommodations and travel for each participant. (Even sharing transportation and accommodation would come to approximately two hundred dollars per person – money that would leave the Battlefords.) Hosting the course here reduces travel expense to the participants and eliminates accommodation costs, and the money spent on meals remains in the Battlefords, and there is always the possibility that others will travel to the Battlefords for the course putting money into meals and accommodations here.

The net effect of the grant is that the course costs would remain comparable to the same course at dive centres and eliminate the cost of travel, meals and lodging for the individuals involved. As well, another service would be provided to local residents in local facilities.

In addition, this year the Battlefords Scuba Community has two certified Divemasters (leadership level) and two Divemaster candidates who are required to assist with the operation of such a course as part of their training within a twelve month period following their classroom work. The operation of this course will enable each of those candidates to complete that requirement in a timely fashion and will expedite their certification. Such certification will result in four more people being available to help conduct, and indeed conduct on their own in some cases, PADI programs that will benefit the community and BSC.

The budget for the second portion of the program is outlined below:

• Revenue			
○ 8 Registration Fees @ \$580.00		\$4,640.00	
▪ Total			\$4,640.00
• Expenses			
○ 8 Crew Packs of Instructional Material @ \$303.27	\$2,426.16		
○ 8 Sets of Equipment Rented @ \$80.00	\$ 640.00		
○ Air for Course Staff	\$ 100.00		
○ Classroom Rental	\$ 315.00		
○ Pool Rental – 3 lanes – 10 hr.	\$ 340.00		
○ Instruction	\$ 600.00		
○ Mileage to pick up gear and return			
704 km. @ \$0.40	\$ 492.80		
○ Handouts	\$ 100.00		
○ Advertising	\$ 50.00		
▪ Total			\$5,063.96

The deficit on these two programs amounts to \$1,020.16 and that is the amount of financial assistance that the Battlefords Scuba Community is requesting from the City of North Battleford under the Community Program Grant.

Proposed Activity/Program/Event etc.

We would like to run a level 1 CFSA coaching clinic for anywhere from five to ten people.  
 This also being a Canada Games year we feel we can capture more coaches.

Proposed Date(s)

Jan 15 to March 31 /23

Proposed Time(s)

Location

Table Mountain Regional park

Project description (include objectives of program, benefits to participants)

Depending on the number of applicants this would give a much needed new coaching pool to draw from for our club.

Estimated number of participants

5 to 10
