Our Committee began as a program called AIM (Always in Motion) in 2009. It was a program to keep people motivated and to help them start to include physical activity in their daily lives. At the end of the program we decided to celebrate everyone's successes with a trail fun run. Not too many people get to experience organized trail runs so we thought this would be a great opportunity for our participants to try it out. Also, it was an opportunity for us to show off what the Battlefords have to offer when it comes to trails. Now, our committee is dedicated to put on an annual trail run in the Battlefords. 2020 will mark our 12th year of running the Fin Island Trail Run!

Our Philosophy is that no matter where you are in life financially, socially or physically you can participate in the Fin Island Trail Run for free and enjoy exercise in the great outdoors with other people. We rely strictly on funding from outside agencies and grants and we have had amazing support over the years that we have been able to keep this a free event since the very beginning. We offer a 1k children's run, 5k event, 10k event, and a longer course which has varied over the years from 21k to 16k.

The Battlefords is a great community to be a part of and having the Fin Island Trail Run continues to allow us to show off our beautiful trails to people from a far. Also, some people who live here have never been on some of the trails before and our trail run gives them the opportunity to explore a different side of the Battlefords.

For the past 6 years we have been fortunate enough to get the funding we need to hire Results Canada to come and provide timing chips to our participants and time our event. This has greatly increased the integrity of our event and we are hoping to secure funding this year so we can ensure that we can have Results Canada attend our event again. The \$2000.00 we are requesting from the community grant program will allow us to do this and will help us to run another successful Fin Island Trail Run.

The RCMP Horse and Mountie Statue has been in place since the mid-to-late 1960's and was erected to commemorate the celebration of the Canada's 100th Centennial. It was maintained for several of the intervening years, as the Chamber operated the Visitor Information Centre on behalf of the City and Town. Since that time the City has gifted the Statue to the Chamber, and we now need to ensure it is repaired and brought back to like-new for pride in the community. This roadside attraction is in a Sask. travel book, and many visitors take pride in photo taking with the statue. Time to beautify it again.
- 6 Estimated number of participants: All community members and visitors.

- 3 Proposed Activity/Program/Event etc: Our club is requesting a grant to send a new coach to participate in Aqua Go and Level 1 Saskatchewan Artistic Swimming training which are mandatory requirements of all SAS coaches. One of our coaches has graduated and will be leaving us, which leaves us with only one other coach. We need to ensure that we have 2 certified coaches at all times. We fear that COVID-19 will have a severe impact on our athlete numbers this season which will greatly impact our ability to keep our program running without outside financial help.
