Proposed Activity/Program/Event etc.

Our High School Drama Club will be putting on a performance at the Dekker Centre.

Proposed Date(s)	December 12th, 2019
Proposed Time(s)	6:30 pm
Location	the Dekker Centre

Project description (include objectives of program, benefits to participants)

The goal of our Drama Club is to provide kids with a place where they can be themselves and develop a love for the arts. We accommodate all students who would like to join and provide opportunities for each student to explore their own area of interest, whether it be acting or tech. Performing at the Dekker Centre exposes students to a professional theatre and helps them learn about the work that goes on behind the scenes in a way that they wouldn't experience anywhere else. By performing at the Dekker Centre we are able to reach more of the community, and this performance acts as a fundraiser for the Drama Club. The money raised goes back into the Drama Club and provides us with the funds to pay for transportation and fees that are required to attend the Region 8 Drama Festival in the spring. Without this funding students will be required to pay for transportation and all fees.

Estimated number of participants 35

Hi Val –

I guess if it is a non-profit, volunteer driven, community organization providing sport, culture or recreation programming for your citizens, they can apply. They cannot “double dip” by using two grants to pay the same expense.

Your adjudication committee can use their discretion to determine if it is an appropriate use of the City’s Community Grant Funds.

I hope this helps.

Thanks

Subject: Question

Good morning Lisa,

I have a odd question. We have a group who is primarily funded from Sasklotteries, can they apply for a Sasklottery community grant as well for a program they have?
